THE UNIVERSITY

Jagan Nath University, Jaipur has been established by an Act of the Rajasthan State Legislature (Act No. 19 of 2008) on April 16, 2008, approved under section 2(f) by the UGC Act, 1956, accredited by NAAC (2nd Cycle) with "A" grade in 2022 and is member of the Association of Indian Universities (AIU).

The University offers a wide range of undergraduate and postgraduate programs across diverse fields, including Engineering, Technology, Architecture Planning, Management, Law, Agricultural Science, Pharmacy, Physiotherapy, Paramedical Sciences, Education, Naturopathy and Yogic Science, along with Ph.D. opportunities in select disciplines.

In alignment with the National Education Policy (NEP) 2020, the academic system integrates the Choice-Based Credit System (CBCS), outcome-based assessments, skill development, industry partnerships, and research initiatives, with a strong emphasis on quality education and enhancing employability. The University has formed strategic MoUs with numerous industry and professional organizations to facilitate skill development, industry integration, and internship opportunities.

The academic framework prioritizes effective teaching-learning practices, industry exposure, curriculum-based skill education, and project-based learning. Scholarships and freeships are awarded based on merit and need, and the Alumni Association regularly organizes events to strengthen connections.

Boasting state-of-the-art infrastructure and a comprehensive use of ICT, the University is committed to achieving excellence in education, fostering employability, nurturing creativity, and promoting human values. It strives to be a centre of excellence, developing skilled professionals and responsible citizens for a brighter future.

President MESSAGE

Welcome to the Center for Distance and Online Education (CDOE) at Jagannath University

As President, I am delighted to welcome all students enrolling in our undergraduate and postgraduate programs. The purpose of our Online and Distance Education programs is to provide accessible, quality education to individuals who face barriers to traditional learning, whether due to financial, geographical, professional, or other constraints. These programs help bridge the gap, allowing learners to gain knowledge and skills that enhance employability and personal growth.

Our commitment at CDOE is to offer global access to higher education, ensuring that students from diverse backgrounds have the opportunity to achieve their academic and professional goals. With UGC-DEB approval, we deliver these programs through the SWAYAM II platform, providing a flexible and user-friendly learning experience.

On behalf of the university, I extend a warm welcome and wish you a fulfilling and successful academic journey.

Professor (Dr.) Vaishali Sharma
President (Vice Chancellor)

Director's MESSAGE

"The future belongs to those who believe in the beauty of their dreams."

— Eleanor Roosevelt

Dear Learners,

In today's boundaryless world, education serves as a transformative platform, transcending cultural and geographical divides. The Centre for Distance and Online Education at Jagannath University empowers students to pursue higher education without the constraints of location or time.

Our programs provide opportunities for individuals, including working professionals, homemakers, and those re-entering education, to enhance their qualifications and skills. We also offer add-on courses alongside regular degrees to support personal and professional growth.

With a commitment to academic excellence, we ensure timely examinations in December and June, adhering to a structured academic calendar. Our global campus integrates cutting-edge technology, innovative teaching, and quality education to create a dynamic learning experience.

Join us in shaping your future through quality education and limitless opportunities.

Professor (Dr.) Shweta Bhatia

To develop the University as a Centre of Excellence for higher education and research committed towards quality education, skill development, industry integration and holistic ecosystem for global competencies among youth and sustainable development of the Nation.

OUR VISION

“The direction in which education starts a man will determine his future in life. - Plato

OUR MISSION

- Innovative, job-oriented and professional academic programs for capacity building in view of the emerging trends of the economy.
- Enable students equipped with knowledge and competences to perform successfully in modern organizations in India and abroad.
- Training students in generic and life skills in addition to core discipline subjects to enhance employability in job market and for entrepreneurship.
- Developing a sense of ownership and pride among employees to achieve organizational targets as well as their personal goals.
- Blending skill, entrepreneurship and capacity building for sustainable development coherent with environmental and economic sustainability.

ONLINE EDUCATION

Online education is a mode of instruction where a substantial portion or all of the teaching is conducted remotely, away from the physical presence of the learner. It is particularly advantageous for individuals seeking to pursue higher studies but face time constraints. Through this mode, students can engage in their academic programs without the need to attend traditional campus-based classes. The primary goal of the University's online learning program is to overcome socio-economic and geographical barriers to higher education, offering opportunities for individuals residing in remote areas, as well as those who are employed, home makers, or otherwise unable to attend on-campus courses.

Delivered entirely through digital platforms, online education enables students to attend classes, participate in discussion forums, and complete assignments from anywhere with internet access, without the necessity of being physically present in a classroom. This system epitomizes the concept of **"Learning Anytime, Anywhere."**

The University has designed a comprehensive academic framework that integrates the latest guidelines of the NEP-2020, including the Choice-Based Credit System (CBCS), outcome-based assessments, skill development, industry collaborations, and a holistic ecosystem. Emphasizing research, extension activities, and the promotion of employability, the system is dedicated to delivering quality higher education. All undergraduate programs are structured in a modular format, offering multiple entry and exit points to facilitate flexible learning pathways:

The objective of Online Education is to:

01

High-Quality, Career-Oriented Education

Offering value-based education aimed at equipping students with the skills required for success.

Stimulating Learning Environment

Providing a conducive atmosphere to help students maximize their intellectual capabilities.

02

03

Integration of Specialized Concepts

Enabling students to understand and apply both foundational and specialized knowledge.

Virtual Academic Environment

Organizing video-conferencing sessions to create an interactive and immersive academic experience.

04

05

Convenient Learning for Working Professionals

Providing flexible learning opportunities for professionals who cannot attend traditional on-campus classes.

CENTRE FOR DISTANCE AND ONLINE EDUCATION (CDOE)

The Centre for Distance and Online Education (CDOE), Jagan Nath University, Jaipur has been established and approved by UGC- Distance Education Bureau (UGC-DEB). The Centre is well equipped with computers and other infrastructure, adequate teaching faculty and administrative set-up of its own to serve its students in their best interest at their door steps.

The Online & Distance learning programs of Jagan Nath University has :

Teaching Pedagogy

The University follows a distinctive pedagogy for its online and distance learning programs, designed to provide students with flexibility, empathy, and comprehensive learning. The approach emphasizes:

- **Clear Conceptual Understanding:** Students gain in-depth knowledge through interactive Discussion Forums and contact classes, ensuring a strong grasp of the subject matter.
- **Reinforcement through Multimedia:** Concepts are reinforced through case studies, video and audio content, carefully structured to enhance learning.
- **Development of Human Skills:** A focus on developing creative thinking, decision-making, and problem-solving techniques to prepare students for real-world challenges.
- **Practical Application:** Assignments and projects provide students with opportunities to apply their learning and gain hands-on experience.
- **Communication, Leadership & Teamwork:** Group activities foster the development of essential skills in communication, leadership, and teamwork.
- **Real-Time Clarifications:** The course coordinator and their team offer continuous support, answering questions and providing clarifications through the Discussion Forum.

Program Delivery

Master of Business Administration (MBA)

Overview

To achieve a leadership position in the highly competitive corporate environment the budding managers need to develop a strong vision for their companies, apart from having a terrific sense of commitment, professional expertise, determination, great motivational skills and leadership qualities.

According to the growth rate of India in terms of power parity, it implies that we can beat United States within next 25 to 30 years and become economically the strongest country in the world. For this, the Government of India needs to support the Indian organizations with suitable pro-people & pro-Indian policies, which would help Indian organizations in becoming stronger to compete in the world market successfully. Future leaders should be aware of this and not remain intellectually handicapped. The University strives for these commitments and continuously endeavors to educate its students and associates on such issues with the belief that sooner or later, structured economic independence can be achieved through a combined effort.

The MBA Programme:

MBA is a two-year programme, spread over four semesters. The first two semesters provide strong foundation in basic disciplines and the remaining two semesters enable the students to specialize in their area of interest. The specializations offered under this Program are:

Marketing
